

Braille Trail Walk for Independence

Sponsorship Proposal

Your partnership can open doors & dismantle barriers.

DEAR FRIENDS,

For 91 years, Lions Services has engineered accessible employment opportunities, **ensuring talent and drive are the determinants of success, not vision status.** Now, we're evolving to create holistic solutions to the obstacles blind and low vision North Carolinians encounter every day.

Our innovative model will blend a full-service vision resource center with tools and training to meet individual accessibility needs, combined with systemic solutions that dismantle barriers for everyone.

We're committed to designing a community **where vision status is never a obstacle to a life of choice, career, and connection,** and we look forward to partnering with you to get there.

About Our Work

Our highly skilled, majority blind or low vision workforce proudly manufactures **products that serve the U.S. military,** protecting those who protect us.

But we are more than an accessible employer. Everyday, our blind and low vision team members must **navigate a world that wasn't built for them.**

We're committed to supporting them with tools and training to overcome the obstacles of inaccessible design by offering **accessible technology training and equipment, orientation and mobility services, accessible health & wellness tools and individualized support.**

Your Impact

Your sponsorship directly fuels these comprehensive services to ensure economic mobility, promote health & wellness, and offer connection to a full life.

In Mecklenburg County, where more than **16,000 individuals live with vision loss,** your partnership ensures everyone in our community has access to opportunity. Please join us as a sponsor and invest in a model that empowers the whole person and strengthens our entire community. I look forward to partnering with you.

With Gratitude,

2026 Braille Trail Walk for Independence

Saturday, October 3, 2026

4600 N Tryon St, Charlotte, NC

8:30 am: Packet Pickup

8:40 am: Welcome & Announcements

9 am: Walk Starts

10am-Noon: Celebrate with food, music & giveaways

The Braille Trail Walk for Independence achieves a key milestone this year, taking place for the first time on the newly constructed inaugural section of Charlotte Braille Trail.

With the excitement of the new trail, we anticipate attendance at this fast-growing event to top 500 this year.

Join us for a scenic two-mile walk amidst tactile sculptures, multi-sensory art installations and a fragrant community garden!

Walk begins at the trailhead on the Lions Services Campus.

The Charlotte Braille Trail

An accessible outdoor space...that's so much more

Opening the first section of the Charlotte Braille Trail—a project two years in the making—represents a milestone in equitable access for our blind and low vision neighbors.

When all sections are complete, the trail will thread its way from the Lions Services campus to the CATS Sugar Creek Station, providing a safe, walkable outdoor space for everyone, regardless of how well they see.

In Charlotte, we prize our greenways and green spaces. By opening the Charlotte Braille Trail, designed with navigational tools for blind and low vision walkers, we're ensuring no one is left out of this quintessential outdoor recreational experience.

Walking spaces provide not just recreation, but a path to wellness through exercise and movement. Creating an accessible pathway removes barriers to wellness for blind and low vision Charlotte residents, so we can all stay healthier.

Beyond recreation & exercise, the trail offers connection. When complete, it will connect accessible employers, living spaces, and public transit options via a walkable route. We're replacing obstacles with a path to opportunity & choice.

Why partner with us?

Sponsorship of the Walk for Independence supports critical accessibility services, aligns your brand with an established and respected nonprofit, and offers a unique employee community engagement opportunity for your team, as they walk side-by-side on the trail with individuals who know firsthand the obstacles of navigating an inaccessible world.

Community Engagement for Your Team

Corporate values are a key decision factor for both customers and employees when they decide where they'll spend their dollars or invest their time and talent. More than ever, these audiences want to see **actions that align with values**, and not just through the power of the purse.

Two Ways to Engage

1 Walk & Fundraise

Create one corporate team and reach a fundraising goal together, or have multiple teams to enjoy some healthy competition and see who can raise the most! Every donation supports accessibility training and tools for our blind and low vision neighbors.

It's as easy as...

1 Sign up at lionssservices.org/2026walksignup. Select whether you want to join or create a team on the registration form.

2

Start fundraising using our event platform, RunSignUp. Select "Start a Fundraiser" to create your fundraising page and join/create a team fundraiser. Share your page to your social platforms or through email with a message about why the Braille Trail Walk for Independence matters to you.

3

WALK with us on the new Charlotte Braille Trail on Saturday, October 3, 2026!

Volunteers ensure the Braille Trail Walk for Independence runs smoothly by helping with setup/cleanup, directing traffic/parking, etc.

Volunteer on Walk Day

2

The Braille Trail Walk for Independence delivers an opportunity to **engage employees in a meaningful way with your company's philanthropy work.**

Together, you'll be contributing to the mission of an organization with a direct impact on the lives of Charlotte's blind and low vision residents.

**Together, we can
ensure vision is never
a barrier.**
